Description

The Navetta 37, is a super yacht which conveys the values of seaworthiness, comfort, safety and customisation - all part of Custom Line's DNA - into a revolutionary product in terms of style, design and space, placing at the top of its class. The Navetta 37 is 37 metres long with a maximum beam of 8 metres. It features a new semi-displacement hull with a bulbous bow that ensures the utmost efficiency in any sea conditions. It impresses with its clean lines, well-balanced spaces and meticulous attention to every detail, which makes it an incredibly innovative yacht with a timeless style. Created from the collaboration between the Strategic Product Committee, which the Ferretti Group is proud to include Mr Piero Ferrari, the Engineering Department and the Zuccon International Project Studio, this yacht features harmonious contours and stylistic features unseen before. Its clean, streamlined, light design also conveys great stability and strength. The front of the hull rises up to the first superstructure level. This adds a sense of power and character to the bow, giving this super yacht an imposing presence on the water too.
